Dear parents and friends of the school,

Important Notice: Additional “Pupil Free Day” term 3
On Monday the 29th of July (Week 3 Term 3) Oaklands Central School will be holding an additional staff development day. The school will open in a “pupil free” capacity, to allow SASS and teaching staff to attend training under a number of new educational initiatives. This includes, but is not limited to the implementation of the new national curriculum.

Helping us to kick off the event will be Mr Tom Hafey, a highly respected and successful coach from the Australian Football League. He will be our keynote speaker on the day and sharing his tips for success in leadership, teamwork and achieving goals. I'd like to invite members of our P&C, their children and their families to join us on this occasion. Tom’s session will run from promptly 11am and conclude at 11:45am. He has offered to have a question and answer session, T-shirt signing and to mingle with the guests until sometime after 12pm. We ask that those interested in attending either join the event through our school Facebook page or register an expression of interest with our office staff.

Facebook
Oaklands Central School is now on Facebook! Visit us at www.facebook.com/ClearHill1885. Facebook addresses are fairly popular. We’ve chosen to go with the school’s original name and the year it was opened. This keeps us unique!

As with all aspects of social media, a great deal of care needs to be taken in terms of protecting the identity and safety of our children. This in mind, we have constructed our page in tight adherence to best practice and NSW DEC guidelines. These documents and video clips have been attached to our page for your reference.

Nevertheless, it should be noticed that our viewer rate on the school’s website reached approximately 50 hits last week. Our Facebook page reached 1,800. Quite powerful stuff! Annually, we send out a parent permission note for children to be photographed, included in video photography and perhaps having these items published in the local media and on the internet.

It goes without saying that our audience was considerably smaller when parents agreed to give the school permission to photograph and publish. This in mind, if you have any questions/concerns or if you would like to reconsider having your child included on the Facebook page, please do not hesitate to contact me here at the school.

Merit Assembly
There will be a Whole School Merit Assembly at 9am on Monday 24th June in the School Hall.

Warm Regards,
Matthew Jacobson
Principal
Years 2 and 3

Years 2 and 3 have been working very hard this term. We have been producing amazing recounts and have had a lot of fun working through our English novels.

We’ve learnt about Australia and have had many wonderful discussions about our experiences in various areas in our country.

We have not only had a great time producing our Mother’s Day gifts, but we also have had a fantastic time representing our school at a variety of sporting events this term.

We have had an extremely busy term to date and each and every student has been absolutely outstanding, showing their commitment and willingness to learn.

Miss Brain

SECONDARY CLASSROOM NEWS

Secondary Subjects

Year 7 LOTE. (Language Other Than English) students have been learning about France and famous French people this semester. They have been looking at France and its position in Europe, as well as its place in the world generally, from various geographical, historical and cultural aspects.

This term the focus has been on the long and interesting history of France, including WW1 and WW2, as well as some amazing scientific and medical discoveries and inventions. Students were assigned to choose a French person of historic or scientific note within the field of politics, medicine or technology and to write a short biography about them. The choice was extensive; some of these interesting, famous people are listed below.

Charlemagne (768-814) made France the centre of an empire that included parts of Italy and Germany. He set up many Christian churches and schools.

Joan of Arc was burned to death in 1431 by the English during the Hundred Year’s War between France and England when she rode into battle at the head of the French army. She was only 19!

Louis XIV ‘The Sun King’ (1643-1715) reigned in France’s golden age when he made it the strongest power in Europe. It was a time of great opulence and exploration when magnificent palaces were built around Paris and rich lands in the Americas, India and the Far East were conquered.

Joseph and Jacques Montgolfier invented the hot air balloon and they made the first successful flight in 1782 which took them 9.6km.

Andre Ampere (1775-1836) was a mathematician and physicist who studied electricity and magnetism. The ampere (abbreviation: amp) the base unit of electric current was named in his honour.

Napoleon Bonaparte became Emperor of France in 1804 after leading the French army that overthrew the French government in 1799. Napoleon brought in many reforms and introduced a legal system still used in many parts of Europe today.

Louis Braille (1809-1852) invented a system of raised dots to form letters for the blind to read which continues to transform and open up their world as well as helping the development of independence.

Louis Pasteur discovered, in 1847, microscopic fermentation of germs which led him to the science of bacteriology and infectious diseases. He then discovered their prevention by means of immunology and vaccination.

Viscount Ferdinand de Lesseps was the French engineer who conceived and built the Suez Canal in 1869 changing the economical face of the Western World by dramatically cutting the time taken for ships to reach the East, and more safely.

Pierre and Marie Curie (1895) discovered radium which gives off radioactivity. Radium has since been used in numerous ways and has especially assisted in the advancement of medical equipment and techniques.

Louis Bleriot was the first man to fly long distance when, in 1909, he flew across the English Channel in a plane he designed, the Bleriot XI. I assume that it took 10 prior plane designs and experimental flights to produce the successful plane!

Commander Jacques-Yves Cousteau (1910-1997) was a French naval officer who began a career in oceanographic research. He invented the aqualung, the diving saucer and an underwater laboratory. By making films and writing books on the exploration of the sea he has done more than anyone to popularize this subject.

Miss Ann Buchanan

- Single Ad: Half Column $ 3.30 (inc GST)
- Full Column $ 6.60 (inc GST)
- Sporting Bodies and Committees: $33.00 (inc GST)
**Woolworths Earn and Learn**

The Woolworths Earn & Learn program has now ended for this year, so a big thanks to everyone who supported our school. We’re now at the important stage of the program where Points Sheets are collected and lodged as our Earn & Learn claim. We will then be able to get new educational equipment for our school. The more we collect, the more we can redeem. So this week please send in your Woolworths Earn & Learn Points Sheets and any loose Earn & Learn Stickers you may have. Remember to check your handbag, the car glove box or they maybe stuck on the fridge. Every little bit helps.

Thanks again for all your support.

From the students of Oaklands Central School

---

**P & C NOTICE**

The next P & C Meeting is

**Monday 15th July**

P and C meet on the 3rd Monday of each month at 8pm in the Staff Room.

All other Enquiries: Sarah Moloney 0429 350 251

OAKLANDS WOMEN’S DINNER

Wednesday 26th June 2013

Guest Speaker: Kerry Clarke

Kerry Clarke will present a talk about her book Hell’s Only Half Full which tells the colourful story of her grandmother Lucy Little, a pioneer-settler who lived in Yarrawonga. Lucy had an early life of dirt floors, three-mile walks to school and back, and her first job at 13 was for a cocky’s wife with no days off. Lucy married a drover and in between giving birth to nine kids, she jerry-built additions to the family home. ‘Nan was tough as old boots,’ says Kerry, ‘but you had to be back then.’

Oaklands RSL Bowling Club Dining Room,
Buller Street, Oaklands

7pm for 7.30 pm meal
$35 per ticket

Tickets available from:
Sarah-Jane Sheridan
02 6035 4421 / 0428 502 575
Caz Swann
02 6035 4433 / 0417 597 716

Tickets may also be purchased by sending payment, along with your name and address to:
Sarah-Jane Sheridan PO Box 47 Oaklands NSW 2646
Please enclose stamped, self-addressed envelope.

Tickets MUST be purchased by Wednesday 19th June.
No tickets will be available at the door.
Please book early to avoid disappointment.

Organised by Oaklands CWA
Local girls Rikki Robb and Melissa Zeiher are taking up the challenge this year of running 10km in the Gold Coast Airport Marathon on the 6th July 2013. They are running to support awareness and funding of MND (Motor Neurone Disease).

MND has no known Cause and still NO CURE.

Money + Awareness = Cure
